

## Shades Of Green's Best Native Perennials For Sun

Environmentally Friendly With Low Maintenance & Water Requirements,  
Attracts Native Songbirds, Local – Grown in Collinsville!

Winecup

Creeping Winecup (*Callirhoe involucrate*), grows 36" w x 3"-6" h, purple blooms in spring, winecups and bluebonnets welcome Spring to Texas, great ground cover or use cascading over walls or rocks, Can cut back after spring bloom

Sundrops

Blackfoot Daisy (*Melampodium leucanthemium*), 24" w x 8-12" h, White blooms with yellow center Spring – Fall, Full sun, must stay dry, cut back slightly in late spring if needed. If not doing well, they are almost always too wet.

Blackfoot Daisy

Sundrops (*Calylophus sp.*), 24" w x 8-12" h, yellow blooms in late spring, Sun, likes it hot & dry, great for cascading over walls, cut back in early spring.

Guara

Mexican Feather Grass (*Nassella stipa*), 18" w x 18-24" h, white plumes Summer – Fall, Sun to shade, native, likes it dry, will re-seed, our favorite grass, great in containers or in the ground. Clean with a rake in the spring, do not cut back, be patient its slow to return.

Feather Grass

Whirling Butterflies (*Guara lindheimeri*), 36" w x 18-24" h, white or pink blooms Spring – Fall, tall airy blooms work great as a "filler", sun to part shade, cut back for repeat bloom, "Pink Cloud" is one of our favorites

Purple Coneflower (*Echinacea purpurea*), 18" w x 18-24" h, many colors available for fall blooms, Sun to part shade, many varieties to try. *E. angustifolia* is the best here.

Purple Coneflower

Brown Eyed Susan (*Rudbeckia hirta*), 30" w x 24-30" h, yellow blooms with brown center in Fall, Sun to shade, blooms in time for fall butterfly migration, easy to grow, not picky at all.

Brown Eyed Susan

Lantana

Lantana (*Lantana horrida*), 36+ " w x 24-30" h, many colors available for late spring to fall blooms, Sun to part shade, L. horrida is hardy shrub to 4' tall. All others not hardy but you can try covering with mulch and it can make it thru a mild winter, cut back in spring. Fast growing, use anywhere.

Flame Acanthus

Flame Acanthus (*Anisiacanthus sp.*), 36" w x 30-36" h, red blooms in late Spring – Fall, Sun to part shade, let it grow into a shrub, trim only as needed. Loved by hummingbirds!
